

Opening Page after sign-in

This is the initial screen a user will see after they create an account. This will show a brief message for user, and a quick tutorial on what the app offers.

Shift acceptance tutorial

This screen will show an image of an iphone with the home team app. It will be a brief animation showing:

1. Map view process of a shift being accepted
2. List view of shift being accepted

Animation should be on loop.

Inside a shift tutorial

This screen will show an image of an iphone with the home team app. It will be a brief animation showing:

1. Inside of shift showing team member icon clicked and team members showing up
2. Inside of shift showing details icon being clicked and details appearing

Animation should be on loop.

Dashboard tutorial

This screen will show an image of an iphone with the home team app. It will be a brief animation showing:

1. New notification appearing on dashboard page
2. Notification being clicked
3. Points system bar increasing on dashboard page and hourly pay rate increasing

Animation should be on loop.

Tutorial completion page

This will be a brief video. Once the video is complete, the swipe option will appear for user to move on to next phase.

Onboarding Dashboard

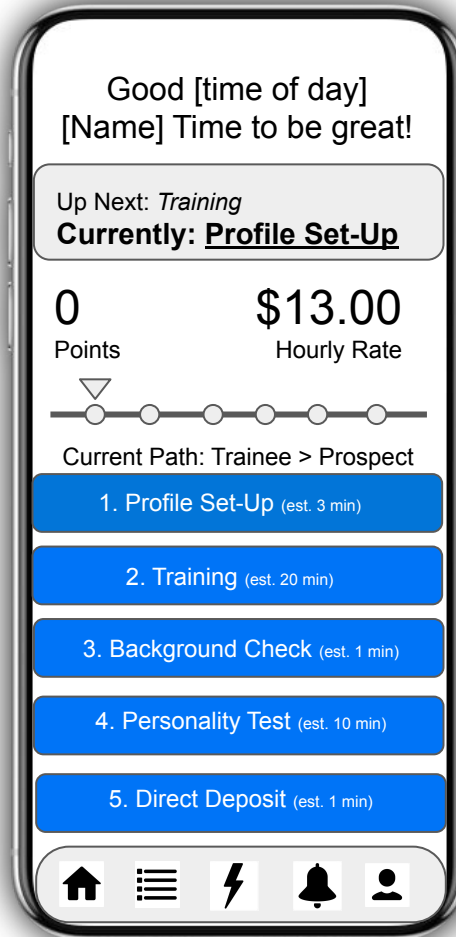

Dashboard - Onboarding User

This will be the dashboard for a team member who is currently going through the onboarding process.

A user will only be able to complete the steps one at a time and in sequential order.

As a step is completed, the next will become unlocked. Once a step is completed it will be shaded in grey to indicate that it is complete. Steps that are eligible to be complete will be in blue.

Each time a step is complete, user status will be updated, progress bar will be updated.

Profile Set-Up

Profile Set-Up

User will be able to select top three personal goals. Next button will be visible once three options have been selected.

The image shows a mobile app interface for a 'Profile Set-Up' screen. At the top, the title 'Profile Set-Up' is centered. Below it is a progress indicator consisting of a horizontal line with six circular markers; the first three markers are filled, indicating that three goals have been selected. The instruction 'Please choose your top three personal goals (choose top 3)' is displayed. Below this, there is a vertical list of seven goal options, each in a light gray rounded rectangle: 'Meet New People', 'Stay Active', 'Make Money', 'Grow Personally', 'Grow Professionally', and 'Grow Leadership Skills'. At the bottom of this list is a 'Next' button. The bottom of the screen features a navigation bar with five icons: a home icon, a list icon, a lightning bolt icon, a bell icon, and a user profile icon.

Shifts Page (list view)

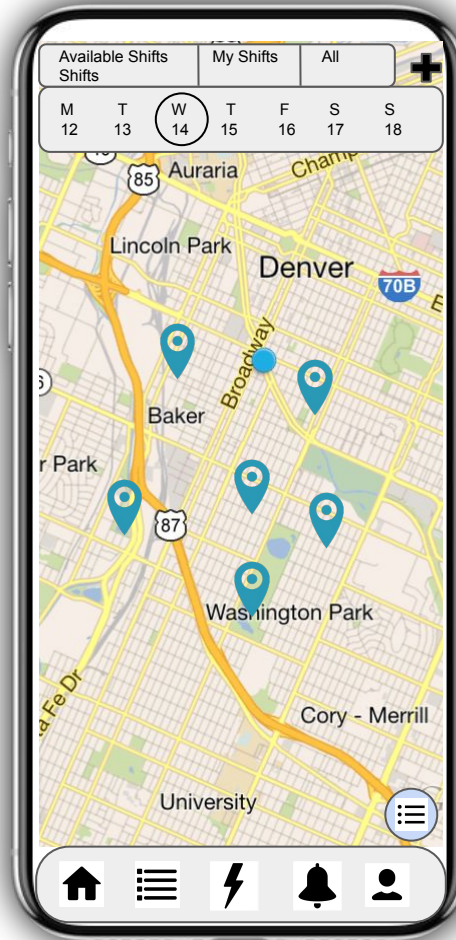

This page will allow team members to view available, scheduled and all shifts in a list format.

The “+” button in the top right corner is only available in app for those assigned as “Chief”. This button allows a chief to create a new shift within the app.

Shifts Page (map view)

This page will allow team members to view available, scheduled and all shifts in a map format.

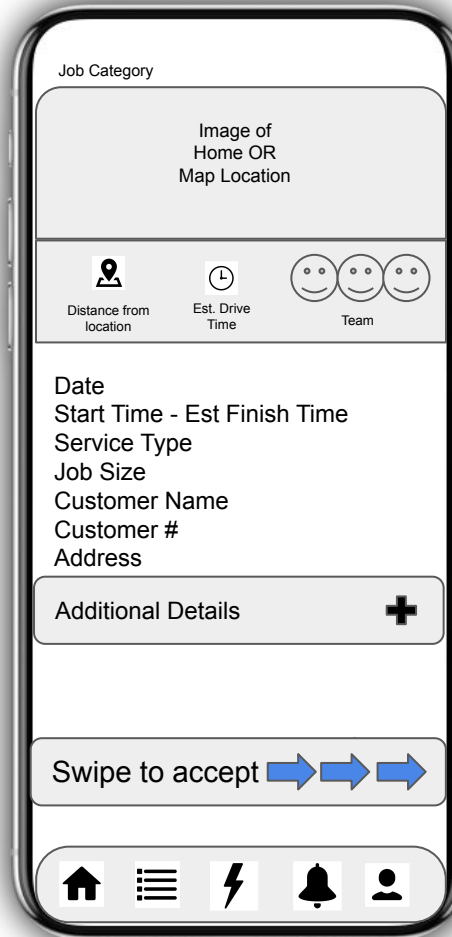

Inside a shift (available)

When a user views the inside of an available shift, the information indicated will show as follows. All relevant information

Details:

- Job Category
 - Job Category is determined by job size.
- Location Image
 - Image of home or location on map if home image unavailable
- Team Members
 - Image of team member profiles and names
- Job Details
 - Customer, # and address is not viewable or clickable
- Additional Details
 - Additional details unclickable

Calendar Page - Go Live scheduling

- By clicking the lightning bolt icon in the corner, team members can access the “Go Live Now” feature.

Calendar Page - Go Live Now

Go Live now allows team members to make themselves available for on demand work. When a customer makes a same day or on-demand requests it will go to members who are "Live".

"Going Live" is activated by hitting the lighting bolt. You can end going live by also clicking the lighting bolt.

Rules:

- When a member is live they earn 10 points an hour
- When assigned to a live shift they earn double the points
- While live team members pay increases by \$1/hr. From whatever their initial pay is to a maximum of \$21/hr
- Live feature is automatically deactivated after 8pm same day
